5. The meeting considered the accounts for the period ending 30 September 2019 which had been circulated to all attendees at the meeting;
6. The Chair noted that the policy on the accounts was to provide maximum exposure as the funds were very much Community owned funds. She also noted that thanks were due to Diana Boxall who had undertaken the independent review without charge;
7. The Honorary Treasurer, Mrs Cheryl Pike, was asked to briefly explain the format and content of the Trustees Report and Accounts which she did, explaining that in order to provide a clearer understanding the accounts had been split into those relating to the re-building works and those to on-going operations;

8. The Chair asked for any questions relating to the accounts and it was confirmed that the cost of running the facility had been in line with broad expectations being approximately £7,500 per annum;

14. The Chair noted that the opening weekend had been a great success with representatives of all funders present and overall the weekend had been completed at net nil cost overall and in fact had added funds to the reserve to extend the car parking area which it was hoped to start work on early in 2020;
15. The Chair noted that there had been many uses for the hall including regular quiz nights, yoga classes, pilates classes, Scottish country dancing, darts, as well as various private parties for both children and adults as well as serving as a polling station no less than 4 times;
16. The Chair noted that the income derived from these lettings was vital in helping to balance the books as the costs of running the building ran somewhat over £7000 per annum;
